

# TINTSWALO BALOYI

## IT STUDENT

### PROFILE

I am in my final year of a BSc in Information Technology with a solid foundation in C#. I have proficient knowledge of Python and am self-taught in this language. I continuously improve my skills through online courses. Additionally, I have a basic understanding of C/C++, HTML, CSS, and Java. My excellent problem-solving abilities and keen interest in contributing to innovative projects make me well-suited for dynamic tech environments.

### EXPERIENCE

#### TSHAMAHANSI VILLAGE

##### Computer Basics Volunteer

2022-2023

- Instructed a small group of children in computer basics and Microsoft Office during school holidays in my village
- Created engaging lesson plans tailored to the needs of young learners.
